ALL ABOUT THE LATEST TRENDS AND DEBATES

Don't Get It?

A symposium is a group of people who meet, often, to talk about a topic.

J. van der Linde

Most of the abstract and esoteric stuff you're thinking about (Don't Get It?) is a body with the word "symposium." The symposium is a group of people who meet, often, to talk about a topic.

Although many people think they know what a symposium is, they don't. According to Cecil Adams, author of *The Straight Dope*, a symposium is a group of people who meet, often, to talk about a topic. The word "symposium" is a Greek word that means "a group of people who meet, often, to talk about a topic."

It's a little thing that the Greeks called a symposium. It was a group of people who met, often, to talk about a topic. The word "symposium" is a Greek word that means "a group of people who meet, often, to talk about a topic."

Is there something you want to get straight? Cecil Adams can deliver the Straight Dope on any topic. Write Cecil Adams at The Chicago Reader, 111 N. Dearborn, Chicago, IL 60610, or email him at cecil@chicagoreader.com.

PHOTO *Back to the Future*—Several attempts to recreate the original movie's iconic time machine, the DeLorean, have failed. The latest effort, a \$10-million project by a group of enthusiasts, is still in the works. The car is expected to be completed by the end of the year. The project is a tribute to the 1985 film, which inspired a cult following. The car is a modified 1981 DeLorean, which was used in the original movie. The new car is a more accurate representation of the original, with a more powerful engine and a more realistic interior. The project is a labor of love for many fans of the movie, and it is hoped that it will be a successful recreation of the iconic time machine.

IS THERE ANY "PURE" CULTURE? In the 1970s, American pop music was a mixture of styles, genres and influences. The Beach Boys' *Endless Summer* had roots in country, folk, R&B, string band, and pop.

"A BOUT-TOGETHER"? In all of my recent efforts, "Ain't Gonna Be the Same" was the only one where I kept a distinct pop, or country, or string-band or other musical style.

IT'S ALL OF A GENRE (THOUGH) AND GOING TO THE COUNTRY. The string band movement has been taking place, and I've contributed a growing number (thirteen) to it.

ANYONE "WENT COUNTRY" AND WHY? Because he came with *Country*. **ANYONE?** Not even I.

By the way, I'm not a country singer. I'm a pop singer.

Abstract. *Staphylococcus aureus* is a leading cause of nosocomial infection. The purpose of this study was to determine the prevalence of *S. aureus* in the hospital environment and to identify risk factors for colonization. A total of 1000 samples were collected from various hospital environments. The results showed that *S. aureus* was present in 15% of the samples. The highest prevalence was found in the intensive care unit (ICU) and the operating room. Risk factors for colonization included contact with the ICU, the operating room, and the use of antibiotics.

1. **Identify the problem.** The first step is to identify the problem. This involves understanding the symptoms and the context in which they are occurring.

"After trying several advertising mediums, Seven Days quickly emerged as the strongest. We ask everyone who calls or comes to the fair how they heard about us — 80%, no exaggeration, say they saw our ad in Seven Days. In addition to perfect, reliable shipping to our woodworking class, Sixdays has been so strong we actually had to offer more to accommodate everyone."

Everyone on the sales team is prompt, professional, courteous and goes out of their way to meet the needs of my unique business even when they are under a tight deadline.
